Dear Sir,

PROPOSAL FOR THE PROCUREMENT OF RE POWER INSTALLATION MATERIALS FOR DEMONSTRATION AT THE APT TRACK AT THE 2007 ngNOG WORKSHOP ON NETWORK TECHNOLOGY, POWER AND POLICY

Below is a quotation for the supply of some of the materials that we may need for a hands on installation demonstration at the APT Track of the 2007 ngNOG that will hold at Bayero University Kano. We are of the opinion that the first set of materials should be provided for the workshop and the second set may either be provided at the same time or at a later date as an improvement of the power track demo materials for future workshops and for possible rental to other workshop users.

Below are the quotations

1st Set:

Air-X Land wind generator quotation:
